

Stop before you start

We have all been told before
taking drugs is against the law.
They can wreck your body and your brain.
Some kids can be very dumb.
Think they'll try it just for fun, for to them it's like a kind of game.

Chorus

Stop before you start. You must always say No to drugs,
then you must just quickly walk away.
You're young and you are smart.
Don't throw your life away.
Don't listen when the others say it's cool to try it anyway.
It's not, so stop and you will be O.K.

To get high some people need, heroin, cocaine and speed.
Cannabis and crack and L.S.D.
There are pushers who pretend
that they want to be your friend.
All they sell is pain and misery.

Chorus

Stop before you start. You must always say No to drugs,
then you must just quickly walk away.
You're young and you are smart.
Don't throw your life away.
Don't listen when the others say it's cool to try it anyway.
It's not, so stop and you will be O.K.

I saw something on T.V.
The girl had taken ecstasy.
Next day when they found her she was dead.
A lovely girl in every way.
Not the type to go astray.
That was what her friends and parents said.
